THE ACADEMY OF SCIENCE FICTION, FANTASY & HORROR FILMS ANNUALLY PRESENTING THE SATURN AWARDS

(founded in 1972 by DOCTOR DONALD A. REED)

The organization was founded in 1972 to honor and recognize genre entertainment. We annually vote the Saturn Awards, a nationally-recognized award in the film and tv industry.

The Academy screens films on the weekend. We screen over 100 films a year within the organization. We screen the best in current film releases including: sci fi, fantasy, thriller, action, adventure, drama, comedy, international, and independent films.

The price of going to the movies has increased dramatically. The experience of attending and enjoying movies in regular theaters is often impacted by small crying babies, talking and loud irritating noises from casual film goers, cell phones and electronic devices being used during the film, and having your chair kicked from behind.

We provide a professional experience when you attend our private screenings. We want all of our members to discover a wonderful world of serendipitous cinematic entertainment.

Your membership in the Academy should be a thoroughly enjoyable experience which is our goal in screening all of these films.

The cost of movie tickets is extremely high. With our low cost membership fees, you are receiving the best deal in town. If you attend a dozen films with a guest, you have paid for your membership. You will be invited to over 100 films. The Academy has been active for 39 years. Your support is welcome.

BENEFITS FOR REGULAR MEMBERSHIP

- Attending our private free weekend screenings with one guest.
- Seeing the film with a respectful audience.
- Bringing additional kids to specifically chosen family films.
- Socializing with other film enthusiasts who enjoy films.
- Hearing filmmakers speak about their work at selective screenings.
- Seeing and enjoying special 3D screenings.
- Voting in the annual Saturn Awards.

BENEFITS FOR PREMIUM MEMBERSHIP

- All of the above mentioned benefits.

Additionally:

- Attending special events throughout the week in the evenings.
- These events include: plays, movie premieres, concerts, special television presentations, lectures, and other special events. Receive emails on a regular basis of upcoming and newly added events.
